

Subscribe to own with 0% financing

A digital sign can make a significant impact on your business. With the ability to share promotions, **increase awareness of your business**, and directly engage with your community, there is a lot to be gained by going digital. However, we understand digital signage can be expensive, so we created our subscription program to make digital on-premise marketing attainable to everyone.

A subscription makes digital signage easy. You receive a high-resolution sign, ScreenHub our award-winning content management software, and a 5-year on-site replacement parts and labor coverage to maximize your display uptime, eliminating unexpected costs and giving you peace of mind. All in one monthly payment.

Why a subscription?

We have removed the headaches and complications of buying a sign through traditional financing; making it simple to get a high-resolution digital sign, from warranty to monitoring – **without paying interest**. Our sign subscription is the modern way to buy a digital display. You know the total cost upfront and have one affordable monthly payment with no surprises.

Wait... is this like a lease?

Nope! At the end of 5 years, you own the sign. But should you choose to renew, we will upgrade your sign to the latest technology.

What's included in the 5-year subscription

- High-resolution display that can deliver stunning photos, videos, and animations
- Cirrus Complete, an extensive 5-year limited hardware and labor warranty with on-site replacement parts and service coverage
- 24/7 performance monitoring to give you peace of mind that your display is up and running
- Access to **ScreenHub** content management software with unlimited free upgrades and 5-year cellular connectivity
- A free display upgrade to our newest technology every 5 years when you renew your subscription
